*A fantastic and very wonderful property to have the privilege of staying at. Located in a wonderful and quiet neighborhood with a very large open and welcoming atmosphere. Would definitely recommend to anyone who is looking to get away for a while and is wanting to relax and unwind. Also, I couldn't have asked for a better host. Eric and Neda were very kind and easy to reach when need be.*

*This is the perfect spot for a large group for a weekend getaway. There was plenty of sleeping space. The yard with cabana, pool and spa were a huge selling point. Everything was remotely operated on a tablet which made it even easier. The kitchen was stocked with most everything we needed. The hosts were so communicative and when we let them know the hot tub wasn't working properly, they had someone out there ASAP to fix it. We had a wonderful time and think it was a great Airbnb experience!*

*My husband and I planned a family/friends getaway to celebrate my Birthday weekend in Temecula, CA. Eric & Neda's gorgeous property was able to comfortably accommodate all 14 of us. The house was fully loaded with a movie/ game room in separate cozy loft area. My husband and I enjoyed the entertainment. The outdoor attraction was so amazing. The Polynesian like theme gave us the sense we were in Maui. We utilized every inch of the yard. The jaccuzi even has a waterfall giving off a therapeutic relaxing affect surrounded by palm trees. After getting out of the pool/jaccuzi we warmed up in front of the firepit and enjoyed. I'm so excited to share all the details with you, but you have to experience this luxurious home for yourself. Oh wait one more thing! The kitchen was nicely stocked with a plethora of spices, pots and pans and even tupperware, unlike some Airbnb homes. The luxurious property is conveniently located near the Winery's. We were able to enjoy our stay and time wine tasting in Temecula. Thank you Eric and Neda for sharing your beautiful home with us. We look forward to returning soon. This one of our favorite homes. \* Prompt response time from Eric & Neda \* Easy check in \* Spotless house \* Fully stocked kitchen*

*Eric & Neda's place was in a great location--close to shopping, restaurants and the 3 golf courses we played our tournament at. The home was sparkling clean and stocked with towels, shampoo, body wash, toilet paper, dishwashing soap, coffee, cooking spices, etc. and the grill & firepit were stocked with propane. We enjoyed the surround sound Pandora music indoors & outdoors, and the pool was refreshing after golf--and being partly shaded by the tall bamboo in the hot afternoon worked out really well. We loved the palapas! There were clear rules, instructions & tips in the guest binder, so we used it for guidance and also knew exactly what to do upon check-out. We shared the house with friends, so it was nice taking turns cooking in the well-equipped kitchen. We also enjoyed the cornhole games and played poker a couple of nights. Communication was easy with Eric and he was always quick to respond. I think I speak for all of us when I say we had a great experience and would definately stay again in this beautiful home!*

*I booked this beautiful home as part of a relaxing, but fun birthday trip with my family and it was SUCH A DREAM! The neighborhood it's located in is gorgeous with the park nearby and lots of great restaurants and the mall nearby. We hardly wanted to leave the house though because it's so ample and beautiful inside and of course, we spent most of the day in the pool. The tiki lights and*

*fireplace outside were so dreamy, we felt like we were in Hawaii. I came with 9 people, including my 2 year old daughter and everyone was sad to leave! We hope to come back soon. Thank you Eric and Neda for such wonderful hospitality and for opening your beautiful home for us!*

*Eric & Neda's home was fantastic! It was local to a lot of nearby attractions, it was sparkling clean, communication was fast and easy, the check in and check out process was clearly defined, and the backyard... No words to describe it outside of beautiful and well kept Oasis (it's in the name). 10/10 for sure.*

*Very thankful to have stayed at this excellent location for a trip to Temecula wine country. If you are coming to Temecula for any type of function this is the place you have to stay in. Every room of the house provides the epitome of comfort for the entire group. Various games are also available as well as an amazing pool and backyard relaxation area that will make it hard to leave the house itself for the beautiful Temecula wine country. Eric and Neda were as excellent of hosts as you can ask for and I can not recommend this space enough. Thanks again Eric and Neda.*

*I cant say enough about how much we enjoyed our stay at this beautiful oasis property. We were pleasantly surprised to be greeted with a welcome basket and personal card. Each room was clean and spacious, my guests were snug as a bug with fresh towels and comfy beds. Hosts Eric and Neda were super fast to respond to any and every question we had during our stay. *I give this listing 5 stars from the booking process to check out. The whole experience was stress-free which is what you want when you are on vacation. Eric checked in with us right when we arrived to make sure we were happy with the house. We did not need to contact him again because his instruction book for the house was very user friendly. The house itself is immaculate. It smelled fresh & clean right when you walked in. There are several areas in this house to entertain guests but my favorite was definitely the back yard. The rooms are all very spacious and comfortable however the master suite over the top. The kitchen is stocked with every kitchen utensil you need to prepare a meal for your guests. The house is only a 15 minute ride to wineries and Old Town Temecula and it is located in a very nice neighborhood. My friends and I enjoyed our stay and will definitely be booking this home again for our next visit to Temecula.*

*We had a great visit to wine country to celebrate my sister's 50th birthday. The home is very spacious with great entertaining space inside and out. It was clean and had plenty of towels and linens available. We did not use the pool, but the spa was very enjoyable and easy to turn on and off from the ipad. We spent a lot of our stay sitting outside by the fire pit....which we thoroughly enjoyed! Eric was a great host and was always available to answer our questions. Good location with many shops and restaurants within driving distance. I would recommend this Oasis to anyone who is looking to stay in Temecula.*

*There are not enough words to describe how amazing our stay was. Wished we would have had more time at the home to enjoy the pool/hot tub/outdoor area, but we were able to spend a few hours out there. A tropical oasis. So relaxing and top notch communication with owners. They were able to adjust the heat to the pool and it was ready when we were. They even had a portable crib for our granddaughter available at the home at check-in. A must stay if you're looking in Temecula. So convenient to many stores/restaurants. We will definately stay again when in the area. A huge thank you for helping make our family's trip more than wonderful.*

*What an amazing time we had at Eric & Neda's home in Temecula. From the moment I booked, they were responsive through messages, allowed us to check in early (since no one had stayed there the night before) & an overall joy to work with. We even left 2 pairs of shoes there & they let us know they would send them to us ASAP.*

*Also the backyard with fire place and outside seating was a favorite spot! What a wonderful place in Temecula, 18 minutes from all the wineries and a perfect place to stay!*

*Thank you Eric & Neda!*

*Where to start on this exquisite place. This was a beautiful home, especially the backyard as seen in the pictures. The inside is very well furnished and feels like a home that someone lives in, instead of renting out.*

*The backyard was even better than the pictures show. Everything, from the lights, pool temperature, hot tub temperature, pool lights, was all easily controlled from one remote. Each evening we were there, we never left the backyard. From the pool, hot tub, cooking on the bbq, chilling by the fire pit, or taking a nap in the hammock.*

*Eric and Neda were very communicative and very responsive to any questions we had. I highly recommend this place for anyone that plans on staying in the Temecula area!*

*What a fabulous weekend! The house was incredible, decorated so nicely, everything we could need in the kitchen and what a backyard! I even arrived to a gift basket and sweet note for my 50th birthday, so sweet!! We had a little issue getting the speakers to work in the backyard and Eric sent me his phone number to call him and walk me through how to get it working. I highly recommend staying here, it is wonderful in every way!*

*Property Manager: Eric and Neda are the nicest people we could hope to get in touch with. They are easy to get a hold of, and very quick to respond. They anticipated our needs and met them before we realized we even had the need. All in all, they are first rate! (Actually, in my honest opinion, they're better than that.)*

*Property: There is a beautiful video of the property and the community that gives you an idea of what to expect at this lovely home; however, it does not do the house justice. It truly is more beautiful, welcoming, and just more delightful than the pictures in the video depict. The house itself is tastefully sophisticated, without feeling stuffy. It is neat and clean, and in no way overcrowded. It is well stocked with towels, soap, dishes, spices, having all the comforts of home, with the elegance of a classic hotel stay.*

*The area itself is charming. The house is nestled in a picturesque neighborhood, that could easily draw you into daydreaming. And as I said, the house is truly appealing on the inside, but the backyard is downright enchanting! We could have easily spent all our days and nights in the house, and out on the backyard alone. But try going for a walk around the lake in the community. Temecula is like a hidden gem near the City of Angels.*

*Recommendation: Go, and have a wonderful spirit inspiring, soul restoring, physically calming, tension reducing time. You'll thank me later!*

*Eric and Neda, you're the best!*

*Our group of 4 couples spent 3 nights in this wonderful house! We couldn't have been happier! This is a wonderful house! The rooms all were wonderfully decorated as well as the rest of the house! It's big, neat, luxurious, and practical. The kitchen has everything you need and more! All organized and new! Even a whole set of spices of all kinds for you to use. Even if it is in the town, close to everything, it's very private so it feels like if you are away and far in the country. The backyard is amazing! Pictures don't describe it as well as it is! We would get up in the morning and sit by the fire pit with a cup of coffee and talk.... or have a happy hour by the pool in the evenings... it's so nice, you could spend your whole stay there and be totally satisfied! The location is great, close to wineries and old town. Wine tasting was a blast! When we had questions about how to work the music/ speakers outside or pool temperature, Erick made himself available to help with everything and anything we needed as many times as we needed. We will definitely recommend this house for anyone looking to treat themselves for a relaxing wonderful time!!!*
